## + MEDTECH DATA INTELLIGENCE AND ANALYTICS

Pharma Intelligence offers research and analytics tools to help you identify and evaluate strategic opportunities within the global Medtech market with data and analysis from the foremost industry leading experts, for competitor and market access intelligence to benchmark and monitor industry trends.

### MEDDEVICETRACKER - ANALYSIS OF DEVICE MARKETS, COMPANIES AND PRODUCTS

Meddevicetracker  
Pharma intelligence | informa 

Anticipate upcoming filings, research clinical trial dates and data, and access device market size information and expert forecasts, with access to real-time analysis of medical device markets, companies and products.

#### MEDDEVICETRACKER HELPS YOU:

- » Identify upcoming device regulatory events/filings
- » Search for medtech clinical trial starts and data
- » Find historical and forecasted procedure volumes data
- » Monitor drug delivery technologies and identify partnership opportunities
- » Quantify the market size for devices or diseases
- » Discover forecasted market share of devices by type
- » Understand the device competitive landscape and identify unmet clinical needs

#### MEDDEVICETRACKER GIVES YOU:

-  Unparalleled medtech market coverage
-  Over **100** event types
-  Over **100** catalyst types
-  Over **6,000** device clinical trials
-  Over **8,000** products
-  Over **2,000** companies
-  More than **350** comprehensive global medtech market reports
