

Informa Pharma Intelligence AWARDS JAPAN

THURSDAY MAY 12, 2022
PALACE HOTEL, TOKYO

BIOTECH COMPANY OF THE YEAR

This award honors outstanding achievements by biotech companies over the qualifying 12-month period of calendar 2021.

This could be in terms of moving the business from an early stage to a more mature company, signing a transformative deal, taking its first or a major new product towards the market, or raising significant new funds.

Please complete the contact and entry sections and email to Natalia Kay
Senior Events Manager
E: Natalia.Kay@informa.com

To enter this category, please provide the following information:

- The company's most significant achievement during the year.
- Accomplishments in terms of: bringing new products closer to market; raising funds; significant licensing or partnership deals; management not afraid of making hard decisions; using proprietary science or technologies for unmet medical needs; transition from early stage to more mature company.
